

# EXHIBIT TOURS

**CSJHU is home to the largest collection of Holocaust artifacts in the region and also maintains a collection of slavery artifacts. Tours of our collection can be tailored to accommodate any curriculum in various courses such as College Seminar, History, English, Psychology, Sociology, Political Science and more.**

**Our 75 minute module begins with a lecture by one of our experienced Holocaust Educators, followed by a guided tour of the Center to view the artifacts.**

**While the Holocaust collection is housed in the Huntington Library on the Ammerman Campus in Selden, off-site visits can be arranged for the Eastern and Michael J. Grant campuses. These visits include a presentation by one of our educators who will bring a selection of Holocaust artifacts to your class.**

**We invite you to schedule a visit to the Center with your students this semester. For questions or requests, please contact us at [csjhu@sunysuffolk.edu](mailto:csjhu@sunysuffolk.edu).**
