# YOUR SUCCESS STARTS AT SUFFOLK

At Suffolk County Community College, you will find affordable, quality higher education delivered in small class settings, led by faculty with credentials from many of the country's most acclaimed colleges and universities. Here, we believe education is critical for building strong families, vibrant communities and a skilled workforce.

Suffolk is one of the 64 colleges and universities that make up the State University of New York (SUNY) system. With an enrollment of approximately 26,000 students, we are the largest community college in New York State. As a premier, learning-centered institution, we offer more than 100 degree and certificate options.

Our students are among the best and brightest in the region. Many of them choose to earn an associate degree here and then transfer with full credit to a highly rated four-year college or university to pursue a bachelor's degree. By spending the first two years of their higher education experience at Suffolk, they receive a quality education while saving tens of thousands of dollars. Our students also excel outside the classroom as leaders in over 90 student organizations and clubs or on one of our NJCAA Division III or intramural sports teams.

I am pleased to share with you that the College is an exceptional higher education resource. Suffolk's faculty, staff, and administrators are dedicated to fostering an environment that helps students attain their academic goals, while embracing the philosophy of lifelong learning. Ultimately, this approach provides our students with an advantage as they enter the workforce.

Whether you are starting your college experience, seeking to advance in your current position, or have made the decision to transition into another career, Suffolk County Community College provides the very best programs, instruction and student support services. There is no doubt that we are the best, most affordable choice for you as you pursue your educational goals.

Sincerely,

*Dr. Shaun L. McKay*
