

Suffolk County Community College

College Brief

NO. 155 August 20, 2020

TO: The College Community

FROM: Angelica Rivera,

Assistant Vice President for Human Resources

SUBJECT: Employee Medical Health Plan of Suffolk County (EMHP):

Tele-Medicine Provider: Access Discount Healthcare Expanded Provider Network:

Re-registration Required

As part of our continuing effort to provide important updates regarding the Employee Medical Health Plan of Suffolk County (EMHP), the Labor/Management Committee, which oversees the EMHP, is sharing information regarding the ability to utilize a telemedicine provider, Access Discount Healthcare (Access Plus).

Effective August 1, 2020, Access Plus is expanding their provider network in an effort to decrease wait times for members in anticipation of a possible surge in COVID-19 cases this fall. Therefore, all EMHP active and retired members and their eligible dependents who currently utilize Access Plus will have to re-register when they call in or when they utilize the online registration process.

Remember, Access Plus gives you doctor consult services 24 hours a day / 7 days a week, while avoiding the waiting room germs. Limit your exposure and talk to a board-certified doctor by video or phone from your home.

All at No Cost to You!

Doctors are available anytime, day or night, including weekends and holidays. Prescriptions can be sent to your nearest pharmacy, if medically necessary.

By utilizing Access Discount Healthcare tele-health benefits you can avoid a visit to the Emergency Room, Urgent Care or your doctor's office if you suspect you may have contracted COVID-19, therefore limiting the spread of the virus. Patients would still need to be tested for the disease in person.

To Re-Register and Speak to an Access Plus Doctor Today, Call 1-800-709-8390 and Register Yourself and Your Dependents.

We are in the process of upgrading our services and all members will be required to re-register upon calling in or using online registration.
